A 50% Deposit is payable to secure your booking. Full Payment is due 1 week before your photoshoot.

I recommend scheduling a newborn session within the first 3 weeks after birth.

Due to my fully booked schedule I recommend to book your session while you are still pregnant. If you are having a C-section we will confirm your date. If you are having your baby by natural birth we will pencil in a date and then confirm your booking date once your baby has been born.

If a Mini Newborn session is booked, the shoot has to be done before the baby is 3 weeks old. No exceptions will be made if I do not have availability in my schedule. Please book in advance

A full newborn session is all about posing and can last up to 4 hours to ensure we get those beautiful sleeping photos.

With Newborn babies, no poses are guaranteed.

I will provide all props needed for a studio session including wraps, clothing, headbands, buckets, baskets etc.

I do not charge extra for a twin session but option 2 has to be booked as extra time is needed.

Props or clothing brought from home will only be used if time allows it and if it lies within the style of Little Miracles Photography Portfolio.

In-studio- as well as in-home Lifestyle sessions does not include photos done in a setup.

An in-home lifestyle session is done in the comfort of your own home. Please ensure there is a lot of natural light available.

In-home shoots will be done in White River or Nelspruit. Alternative locations will have to be discussed.

I hand edit all the photos one by one and a lot of detail goes into each photo. With this being said please note that your gallery will be delivered around 4 weeks after the session.

Photos will be available online to be downloaded from your personalised photo gallery. Alternatively on a USB at an additional cost.
